

Suffering from Tinnitus?

An estimated 50 million americans suffer from a ringing/buzzing in the ears called tinnitus. ***You may be one of them.***

The real breakthrough today comes from a program called **ZEN**, which generates soothing sounds and shows great promise as a sound therapy tool to relax you and distract you from your tinnitus. The **ZEN** program is only available in Widex digital hearing aids such as the MIND440.™

Want to learn more and experience the MIND440?

WIDEX® Open House for Tinnitus

Featuring: widex **mind440**
the pleasure of hearing

Thursday, August 19th 9:00am – 6:00pm

Don't keep suffering in silence!
