INFORMED CONSENT FOR EVALUATION AND THERAPEUTIC SERVICES

Client Name: _____ _____ _____ Date of Birth: _____
Last First Middle Month/Day/Year

Welcome to the Psychology and Counseling Department at Clarity. This agreement contains important information about our services and your rights and responsibilities as a client. It is important that you read this document carefully before participating in the evaluation and/or therapeutic services. After you have read this document, please sign your name to accept the terms of this document.

CONSENT FOR SERVICES

As a legally consenting individual, I agree to permit the clinicians of the Psychology and Counseling Department at Clarity to provide therapeutic services and/or to conduct a comprehensive psychological/psychoeducational evaluation on myself or my child (as applicable).

I understand that psychological and psychoeducational evaluations and therapeutic services are provided by a licensed psychologist, licensed psychoeducational specialist, licensed professional counselor, licensed professional counselor-supervisor, licensed independent social worker-clinical practice, post-doctoral fellow (under the direct supervision of a licensed psychologist), or a trainee (under the direct supervision of a licensed psychologist, licensed psychoeducational specialist, licensed professional counselor, licensed professional counselor-supervisor, or licensed independent social worker-clinical practice) with the requisite training and qualifications for the service they are providing. The services provided by non-licensed providers are provided under the direct supervision of licensed providers. More specifically, a post-doctoral fellow is an individual who has a doctoral degree in psychology and is in the process of completing the year-long supervisory period that is required prior to becoming a licensed psychologist. A trainee/practicum student is an individual who is enrolled in a graduate level program (master's degree or higher) in counseling, social work, clinical psychology or school psychology and is completing supervised field experience for the aforementioned program.

I understand that some psychoeducational services provided at Clarity are available at no cost through the local school district for the purposes of determining eligibility for special education services and that licensed psychoeducational specialists employed by Clarity may not function as an independent evaluator for evaluations paid for by a school district. I understand that participation in evaluation and/or therapeutic services is entirely voluntary, and I or my child can withdraw consent at any time without penalty. However, I understand that Clarity may be unable to provide feedback of the test results if testing is terminated and that I will still be responsible for payment of any testing, scoring, and evaluation time provided up until termination.

CONFIDENTIALITY

I understand that communication between a client and clinician is protected by both federal and state law. Records of services in the Psychology and Counseling Department are confidential and will not be released in an individually identifiable form without my prior consent unless required by law. I understand that in many situations, Clarity can only release information about services rendered in the Psychology and Counseling Department to others if I sign a written authorization form that meets certain legal requirements imposed by state and federal privacy regulations. Clarity will follow applicable state laws and professional standards in the storage, maintenance, retention, and destruction of clinical records. Please see the HIPAA Privacy Notice, which explains HIPAA and how it applies to your personal health information in greater detail.

I agree that for training purposes, evaluation and/or therapeutic sessions may be observed by supervisors or trainees (such as a post-doctoral fellow). I also authorize the use of clinical case discussion and review of records for the purpose of training or consultation with other providers within Clarity, who are also legally bound to keep the information confidential.

I understand that Clarity must comply with child abuse reporting laws and court mandated rulings regarding release of confidential information or any provision of psychological services. Situations in which Clarity is legally obligated to take action and may reveal confidential information without your written consent include, but are not limited to, the following: filing a report with the appropriate government agency when there is reasonable cause to suspect abuse, abandonment, or neglect of a child under 18 or a vulnerable adult; protective action if it is believed that a client represents a clear and immediate threat to another person or themselves; or receipt of a subpoena from a court proceeding.

TELEHEALTH INFORMED CONSENT

Telehealth services are different experience from in-person sessions and the therapeutic process may be impacted. In clinic sessions remain available if you prefer to continue coming into the clinic to meet with one of our providers in person.

If you would like to participate in telehealth services at Clarity, please read the information below so that you are informed about the risks, limitations, and benefits.

- Confidentiality still applies for telehealth services. No one is permitted to record the session without consent from everyone involved in the telehealth session.
- There are limitations to confidentiality due to the nature of the session and use of technology. As such, we cannot *guarantee* confidentiality. However, Clarity has selected **ZOOM for Healthcare** for providing telehealth and our business associate agreement (BAA) with them allows for end to end encryption and is HIPAA compliant.
- You should confirm with your insurance provider that telehealth (that is, audio and video sessions) sessions are allowed under your plan. If the telehealth services are not a covered service, you will be responsible for the full payment for each session.
- The provider will make every effort to maintain privacy. You should only be within hearing distance of the people participating in the session in order to maintain your confidentiality in your household.
- Telehealth is not best suited for play therapy and/or art therapy. Guardians of a minor are expected to check in with the provider at the beginning of every telehealth session and are to remain available as needed throughout session.
- The provider may determine that due to certain circumstances, telehealth is no longer appropriate and that in-clinic sessions should be resumed.
- The parent or legal guardian will need to provide written consent for telehealth sessions with clients under the age of 18 years old.

The provider will provide you with instructions and/or explain how to use Zoom. You will need a device (such as a laptop, tablet or smartphone) with a camera, microphone and audio (speakers or headphones) during the session. There are ZOOM apps that can be downloaded onto to computer and/or smartphone.

- It is important to be in a quiet, private space that is free of distractions (for example, pets, siblings) during the session.
- It is important to use a secure internet connection rather than public/free Wi-Fi. In addition, to increase video quality, move your computer as close to your router as possible or use a direct connection (that is, ethernet cable) to you computer.
- It is important to be on time. If you need to cancel or change your tele-appointment, you must notify the provider in advance by phone or email.
- Recording of the sessions is prohibited.
- For pediatric clients, the parent/guardian should remain available during therapy sessions to assist as needed.
- If technical problems are experienced, we may need to either restart or reschedule your session. Please provide a number for your provider to reach you if you become disconnected: _____

In the event of a crisis, you and/or the provider will contact your emergency contact or instruct you to go to the closest emergency room.

Please provide the name of an emergency contact for the client:
Name: _____ Relationship: _____ Phone Number of Emergency Contact: _____

I have read and understood the risks, limitations, and benefits of telehealth. I understand and agree with the terms listed for telehealth and would like to participate in telehealth services as indicated by my signature below.
